Cleveland, OH 44146

September 6, 2013

Dear Kurt,

I would like to express my gratitude and appreciation for the work you and your colleagues at CMM, inc. did in constructing our new 7 tesla MRI facility at Cleveland Clinic. You and your staff exhibited a very high level of professionalism and dedication to the job. This construction job had some very specific, detailed construction needs, given the uniqueness of the MRI scanner to be housed there, that are uncommon even to other MRI projects. I particularly appreciate your flexibility in dealing with me and my staff to react to ongoing shifting needs as the job progressed. The result is a world class facility and excellent workspace that will continue to be an important contributor to biomedical research for years to come. I hope we have the opportunity to work together on a project in the future and I would recommend you and CMM, Inc. for any construction project.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark J. Lowe", written over a horizontal line.

Mark J. Lowe, Ph.D.
