

Rolando,

“I would like to thank the CMM team on behalf of Wyman Gordon for a job well done on the recent 29K press rebuild. The project was completed ahead of a very demanding schedule and the quality of work performed was second to none. The engineering plan and onsite field support provided by Jonathan and yourself was first rate. The press went together exceptionally well and the press is running beautifully. Please express my sincere gratitude to Jonathan and the entire hard working CMM team. I hope to work with all of you again in the very near future.”

Best Regards

Don Borowski
